

GPE Utility Storage

2MWh photovoltaic energy storage battery cabinet order

Overview

A 2MWh BESS is a common step-up size for C&I sites and grid-edge projects. At this scale, the real decision is not the headline MWh—it's the system block and architecture: a 400V cabinet fleet built for flexible deployment, or a 690V/800V platform built for cleaner high-power.
