

Nordic DC Uninterruptible Power Supply

Overview

Our DC UPS systems for 12?

V / 24?

V / 48?

V provide an uninterruptible power supply and ensure fail-safe availability of process-critical systems and components. Maintenance-free supercaps, long-life and safe LiFePO4 and lithium-ion battery packs, or classic lead-acid batteries.

Article Content

Nickel-Zinc Battery UPS | High-Power & Sustainable Backup

Uninterruptible power supply systems are the last line of defense between a power outage and catastrophic damage for mission critical facilities. For decades, UPS batteries have been dominated

Nordic Semiconductor acquires Memfault, launches the first complete ...

Nordic Semiconductor, a global leader in low-power wireless connectivity solutions, today announces the acquisition of its long-term partner, Memfault Inc., the market-leading cloud platform provider for

Nordic Semiconductor accelerates cellular IoT leadership with major

Nordic Semiconductor unveils its next-generation portfolio featuring Cat 1 bis, satellite NTN, advanced LTE-M/NB-IoT with edge AI, and a clear path to 5G eRedCap delivering secure and

Products

Discover Nordic Semiconductor's range of products to support your next project.

DC system for uninterruptible auxiliary power

Due to more than 50 years of experience in delivering uninterruptible power supplies to the Nordic electricity grid, we create robust and reliable systems and

About Nordic Semiconductor

Nordic Semiconductor plays a key role in the realization of the wireless future. We remain passionately committed to ultra-low power wireless technology done right.

Uninterruptible power supplies | BLOCK

The uninterruptible combined UPS units include an economical 24 V DC switched mode power supply with an integrated charge and control unit for optimal battery

Nordic Semiconductor unveils nRF54LV10A

Nordic Semiconductor, a global leader in low-power wireless connectivity solutions, today launches the nRF54LV10A SoC, setting a new benchmark for integration, performance, and battery life in the

Office Locations

Nordic Semiconductor's office details in Shenzhen Office locations We are a Norwegian company operating globally. We have representatives and offices world-wide coordinating regional sales and

Nordic Semiconductor debuts low-power nRF93M1 Cat 1 bis module

Nordic Semiconductor, a global leader in low-power wireless connectivity solutions, unveils low-power nRF93M1 Cat 1 bis modules at Mobile World Congress 2026. Nordic

40 MW Scalable Data Center Opportunity in Denmark

Strategically located for low-latency connectivity across Northern Europe. Placed in campus area dedicated new energy technologies and systems. Own power

DC UPS | Phoenix Contact

Our tutorials provide you with step-by-step instructions on how to configure the hardware and software for your DC UPS. The DC UPS supplies your system reliably, even in the event of mains failure. This

Nordic Semiconductor expands nRF54L Series with entry-level

Leveraging Nordic's complete Bluetooth offerings With these entry-level Bluetooth LE SoCs, developers can ensure their products benefit from the same fully featured, certified Bluetooth

Nordic Semiconductor expands the nRF54L Series with

Nordic Semiconductor, a global leader in low power wireless connectivity solutions, today announced the launch of the nRF54LM20A, the latest addition to its next-generation nRF54L Series of ultra-low

Uninterruptible Power Supply (UPS) Systems | Electronic Components ...

Uninterruptible Power Supply (UPS) Systems are units designed to supply electrical power to external devices for a few minutes during a power outage, allowing either the device to safely shut down or
